Market And Rates For Freight Drop As Volume Rises

With carloadings well ahead of last year's movement at this stage of the harvest and growing conditions quite favorable for more, the railroad has nosed down somewhat on items moving in volume from the Lake Okeechobee section this week.

Railfall earlier in the week had the been harvest in the prices are low due to the condition of the beans. Corn, liberal to heavy in supply dropped from \$2.25 last Friday to \$1.50 Wednesday for the 100 bushel car.

Beans were reported in supply, escarole, endive, romaine and Boston lettuce were liberal, while parsnip, celery, cabbage, Chinese cabbage, parley, peper and turnip were light.

Iceberg lettuce growers began cutting Nov. 18 and other growers reported a good crop of potatoes coming along well.

The demand for lettuce was fair, leaf vegetable demand was light, radishes good, but light for most other items. Prices on all items sent to market this week were medium to low.

For the next few weeks we will get some break in freight rates, states E. C. Commercial Agent R. E. Hotard, who said the experimental rate schedules will be in effect for 12 months starting Nov. 1.

Up to now shippers were restricted as to how much of what could be placed in one railroad car. They paid by the 100 pounds, according to the particular commodity to be shipped.

Hotard explained that now shippers could completely load

The Thanksgiving table stretches across many years. It had its beginning in 1621, a year after 102 Pilgrims sailed the ocean to a new land seeking new homes and freedom.

The story is told that during the first winter, many of their number died from cold and starvation; however, the first year's harvest was bountiful, and to celebrate their good fortune, Governor Bradford declared a day of general Thanksgiving.

Today, we, too, have a great deal for which to be thankful. Our vast supply of natural resources, the system of free enterprise and the character of our people combine to produce a standard of living unmatched anywhere in the world.

As added gifts, we have our Constitution with its Bill of Rights which guarantees our freedom of religion, speech and press, right to assemble, to petition for grievance, and the privacy of our home.

Since we are not always cognizant of these graces, we pause once each year at Thanksgiving time to refresh our minds and our souls with the ageless story of the beginning of liberty.

JOB and WORKER

J. W. Mosley, Jr.,
Representative Florida State Employment Service

Work Is An American Heritage

Alice Vice Commander Merrill C. Meade who strongly urged that the men make a special effort to attract more World War II veterans into the legion.

Meade cited the fact that there were 17 million men who served in that conflict and that 10 million of them, he said, were legomen. The legion must, said, convince these men that the organization has something to offer them.

Meade, president of the American Legion, was responsible for the GI Bill of Rights following WWII and that the organization would continue to fight through legislation for more veterans' benefits.

Other guests included Mr. and Mrs. Neal Wellman and sons. He is chef de train, 40 and 8, while Mrs. Wellman is deputy vice-president for the southern area of the auxiliary.

Also attending were Drury Dixon, Connie Vorouget, 40 and 8; Mr. and Mrs. L. A. Tamm, both sergeants-at-arms; and the state and auxiliary, respectively; Bruce Gaskins, 9th district commander and J. B. Jones, district executive committee.

With tables decorated with a Thanksgiving theme, some 36 persons enjoyed the turkey dinner. Ralph Freeman introduced guests of honor and J. B. Jones introduced past commanders of the post.

Jaycees Attend State Conference

Six delegates from the Belle Glade Junior Chamber of Commerce attended the fall conference of the state Jaycees held Nov. 15-17 at Naples, Fla., where the principal speaker was Richard Erwin, state attorney general.

Smith, who is president of club, said, "We have the responsibility to help you to your best,"

"When growers have a general successful year," Smith said, "local business and industry expand, make plans for further expansion, and the feeling of well-being spreads throughout the community. Now, in farm areas," he continued, "are seldom afforded the opportunity to observe how true it is that the backbone of American progress and prosperity is its agriculture."

Smith stated that to help overcome the shortage of non-agricultural job openings, all persons in the Employment

Service office are encouraged to

call the office to obtain orders from all employers in the Glade area.

Smith is a good supply of apprentices, he reported.

"Our job is to find the opening and refer the right worker."

Special Bargains Offered By Kahn's

A new merchandising program is being initiated at Kahn's Department Stores at Belle Glade and Pahokee was announced this week by store officials.

The great experiences were reported at the Nov. 14 Jaycees

meeting, and other business Committee reports were heard.

Bill Pearce, ramie expert, who gave a special presentation on "How to Better Working Conditions and a More Pleasant Life," was well received.

The club also appointed a Christmas committee headed

"Voice of Democracy"

contest would be coordinated by a Jaycee committee,

and completed plans for the turkey shoot this weekend.

Memorial Service At Elks Lodge Dec. 2

In honor of its deceased members, Memorial Services and programs will be held by the local Elks Lodge in their hall on Monday, Dec. 2 at 8 p. m. Members of the family will be special guests.

Dr. Lorraine Scott, pastor of the Everglades Presbyterian Church will be guest speaker. Special music will be several solo vocal by Miss Mollie Fornace, accompanied at the piano by Miss Sue Gaskins. The club is cordially invited to attend.

Christmas Fiesta Group Holds Organizational Meeting This Week

An organizational meeting of the Belle Glade Chamber of Commerce Christmas Fiesta Committee was held Monday at the chamber office to draw up preliminary plans for the event planned for Dec. 14.

As a result of the meeting, chairman G. D. Fussell and committee members, some 25-30 strong, are working on plans relating to the sponsorship of one of the 12 floats planned for commercial sponsorship.

Chamber of Commerce President Richard Fostor said plans for the 12 floats would be finalized this year with plans for 35 or more marching units including 10 bands.

The Fiesta committee's next meeting has been set for Nov. 25 at 8 p. m. at the chamber office where further planning will take place.

Non-Ag Jobs Are Scarce Here Now

Job openings for non-agricultural workers have dropped drastically for the period August through October as compared with the same period one year ago, according to Lee S. Linn, manager of the Florida State Employment Service office at Belle Glade.

Smith reported: only 485 job openings were listed in his office as compared with a total of 1,000 in the same period last year. He attributed the decline to the relatively poor 1956-1957 agricultural season.

"When growers have a general successful year," Smith said, "local business and industry expand, make plans for further expansion, and the feeling of well-being spreads throughout the community. Now, in farm areas," he continued, "are seldom afforded the opportunity to observe how true it is that the backbone of American progress and prosperity is its agriculture."

Smith stated that to help overcome the shortage of non-agricultural job openings, all persons in the Employment

Service office are encouraged to

call the office to obtain orders from all employers in the Glade area.

Smith is a good supply of apprentices, he reported.

"Our job is to find the opening and refer the right worker."

Enforcement Is The Order On Juvenile Automobile Drivers

Following a conference among law enforcement officers in the Belle Glade Chamber of Commerce Christmas Fiesta Committee, a uniform enforcement policy has been developed for juvenile auto drivers, according to Police Chief Charles Goodlett.

Goodlett said regular road blocks for license checks will begin next week, an effort to bring juvenile drivers into place before the winter comes.

The first driver tipped over Nov. 8 and injured two workers.

The road blocks will be held in the area of the town of Belle Glade under the supervision of Thomas and three Russell and Axon engineers. Goodlett said the project schedule called for the completion of pile driving by Thanksgiving.

There are 238 more piling points to be driven, he said and each are 25-31 feet deep after the three feet of muck is removed in the area. Drilling is proceeding at the rate of 50 per day.

Dr. R. V. Allison Receives Honors

Dr. R. V. Allison, fiber opticologist with the Everglades Experiment Station at Belle Glade, Florida, has been elected a Fellow of the American Society of Agronomy. Announcement of the election was made Nov. 20 at the Golden Jubilee meeting of the fiber optic society in Atlanta, Ga.

He cited the fact that several agricultural workers will not pay claims when drivers with restricted licenses were involved in accidents when there was not a licensed operator in the car at the time of the accident.

Goodlett pointed out that while the student drivers produced in schools had reduced the rate of accidents involving juvenile drivers, there will be good deal of progress to be made toward making young drivers safer drivers.

Goodlett said there were no reports of accidents reported here involving youths who were not participating in the program, he said.

The chief advised that, for the benefit of younger drivers, drivers of all ages, it is extremely important to obey the letter of the law at all times.

We're Sumpin' Special

We can't have no Roohins in Belle Glade! That's right, according to a special note from the Potomac.

A long slender hand-watched pocket watch with a lace-cuff shirt and carefully rubbed its cheek, and in that instant another member of the Brain Trust reached a decision.

State Department officials have placed a large portion of their time to the tourist research foundation in Washington, D. C., and Barquis, Cuba, 1924 to 1926.

From 1926 to 1934 he was with the U. S. Soil Conservation Service in Florida, and he has been a member of the University and on the staff of the Everglades Station since then.

Mitchell was a former member of West Palm Beach Post 161.

Council Meets Tuesday

City Manager Clarence Robinson announced this week that the regular meeting of the Belle Glade City Commission would meet Tuesday, Nov. 26 at 8 p. m. in the city hall.

At 8 p. m. on Wednesday in order that the meeting not conflict with the Belle Glade-Pahokee football game.

Case Rate Marks 8th Anniversary

On the occasion of their eighth anniversary, Case Rate Variety Store at 340 W. Avenue A here announced a gigantic, store-wide sale featuring rock-bottom food prices for Belle Glade shoppers.

Free speeches consisting of grocery baskets filled with \$10 and \$5 worth of food stuffs will be given away to customers. The mechanicals of an anniversary sale will be marked with the award of a 1951 four-door Mercury sedan filled with groceries of every description.

Manager Ed Brown said, "We have the opportunity to show our appreciation to our customers by giving away nearly \$600 in prizes."

The 100th year-owned and operated store, air conditioned for shopping comfort, has been

Capacity Crowd Expected For Annual Pre-Thanksgiving Football Classic

The Belle Glade-Pahokee football game which will be played at Memorial Field Nov. 27 at 7:15: will be called everything from the "Bean Bowl" to the "Everglades Bowl," but regardless of what "bowl" it may be, most Glades sports enthusiasts agree it will be a "ball."

Oscceola Center Resident Is Subject Of Search By Police Officers Here

Police at Belle Glade are conducting a search for Boss Rogers, 48-year-old Oscceola Center resident, who was reported missing Nov. 8.

Chief of Police L. C. Goodlett said Belle Glade officers re-entered the case this week at the request of the county solicitor's office.

Goodlett said the man, described as being five feet eight inches tall, 148 pounds with brown hair and eyes, was reported missing Nov. 8 by his family.

Goodlett referred the case to county officials at the time.

This week people were interviewed to seek information about Rogers' whereabouts.

Goodlett said some factors in the case, which is now in its fourth year, may have been foul play; however, the investigating officers have reached no conclusion yet.

Goodlett asked that any person having any information about the case should contact the Belle Glade police immediately.

Legionnaires Get 40 Year Awards

Four legionnaires at Everglades American Legion Post 20 have been awarded cap stars and cards for their 40 years of continuous membership in the veterans organization.

N. B. Willis, Benjamin C. Parker, Joseph A. Wills and Ralph E. Freeman have received notification from Elmo Hood, department commander, that they are members of Post 161.

Freeman is shown in the photo above, wearing a cap and holding a certificate of his 40 years of service.

Willis, who served with Company E, 5th Armored, has been a member of Post 161 for 40 years.

Parker, who was born in 1896, was a member of Post 161 for 40 years.

Freeman, with Company E, 330th Inf., 83rd Division during the war, was a member of Post 161 before it became Post 20.

PALATKA JAYCYES PLAN

their Azalea Festival

The Palatka Jaycyes will sponsor the 12th annual Azalea Festival in the Ravine Gardens Park the week end of Feb. 22-23.

The Hon. Doyle E. Conner, speaker of the Florida House of Representatives, has consented to act as one of the judges for the beauty contest to be held Sunday afternoon, Feb. 23.

Tough jobs demand a Universal 'Jeep'

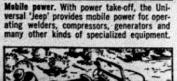

A 4-Wheel-Drive Universal 'Jeep' takes you to the job, wherever it is—on the road or off! This rugged performer carries men and equipment over the highway in conventional 2-wheel drive. Then, when work calls for travel off the road—through mud, sand or snow, up hill or down—you shift a single lever for the extra traction of 4-wheel drive. With power take-off, or hydraulic lift, the Universal 'Jeep' does an almost endless variety of jobs. To find out what it can do for you, ask for a demonstration.

4-WHEEL-DRIVE

Nancy Scruggs Weds Alvin Garrett

steadily and last year stood at 91 again.

Per capita income in Florida has topped the 10 southern states the past two years and has led the 12 southeastern states the past four years. Florida's national rank in this respect (40th in 1950) had progressed, falteringly, to 24th place in 1956.

Labor and Management Meet Held At Miami

With the festing, no doubt, that Florida's sunshine will keep everyone concerned here a happy while a new contract is negotiated, a unique conference between labor and management was held at Miami, Fla., on Oct. 20.

Representatives of the United Steel Workers and executives of American Can Co. plants in

the United States and Canada

met over the conference table.

Sessions included panel discussions on general business

conditions and supplemental un-

employment benefits, with

USWUA officers and company executives participating.

Florida local unions were

among those from 17 states and

Canada attending the meeting called by Al Whitehouse of Cincinatti, director of USWUA's district 25 and co-chairman of the team which negotiated the last three-year contract with American Can officials.

**Football Trophy
Means More Than
Just Winning It**

The coveted Bill Young Memorial Trophy, which will be awarded to the winner of the forthcoming Belle Glade - Pahokee football classic, carries with it a lesson in social harmony as well as a cup for which both teams will be vigorously battling for 14 years.

Oldtimers around the lake wouldn't have to be reminded of the one-time bitter rivalry which existed between the two cities. And has mellowed that rivalry and for the most part, the rivalry exists only once a year on one of two football fields.

The cup, or trophy, was the culmination of a dream by the late Bill Young, an active Lions Club member in both cities at one time or another. Young lived at Palatka, but business kept him at Belle Glade a great part of the time.

Young's dream of greater harmony began to take shape in 1943 when, as a part of his own civic and social training, he began to work with the clubs of both cities to foster a harmonious community spirit on the lake.

Although Young died in the summer of 1943 before the first cup competition took place, Pahokee Lions deemed it fitting to create such a trophy bearing Young's name.

The cup belongs to the winning team for 364 days each year. On the day of the contest, the Lions Club of the city which holds the trophy takes possession and at the conclusion of each game, the trophy is turned over to the responsible for turning over the cup to the victorious city.

The cup has become, as one might expect, a symbol of one thought created and developed for the memory of the man whose name appears on the cup, and that thought is the preservation of humility and social accord among people for the betterment of all.

CAPACITY CROWD
(Continued from Page One)
and winding through Belle Glade and ending at the athletic field for a bonfire. Two pep rallies Wednesday will be followed by a homecoming parade through town staged primarily by the school pep club.

Prior to the game Wednesday a field parade will be held, featuring the introduction of the team leaders. Half-time ceremonies are planned by both schools.

Conjecture is likely to run rampant up to and during the game as to what that final score will be. Cracker barrel philosophers and crystal gazers of some note will be filling the air with their predictions based on the season records of both schools.

Any old timer in the area will state quite frankly that the records book go out the window for the Belle Glade-Pahokee game. For what it's worth, here is a summary of facts about both teams.

Belle Glade's conference record is 0-7 with an overall record of 14-18. Last year, the Glades reeled in sixth place with a 3-3 loop grade and a 4-4 record for the season; the unplayed Clewiston game hanging in the balance.

Pahokee piled up 74 points in their win column while giving 92 to their opponents. Belle Glade rolled up 104 offensive points and lost 178.

Pahokee took good points from the Glades. From Pahokee, while Belle Glade held them to lesser scores even though they lost the tilt. On the other hand Pahokee's Blue Devils have edged out the Glades over conference foes which Belle Glade couldn't beat.

The Pahokee aerial arm is an effective weapon this year and their line is strong in the Ram Ram Ram. The Ram Air Force has clicked only on occasion, limiting their drives to ground attacks.

Coach Jim Maynor said this week that the drift would be carried out using Pahokee plays and aerial attacks on the Ram first string, and the Ram passing offense would be sharpened.

The only other consideration is the unblazed flea bug. The game will be played in anything less than a hurricane.

Radar Alarm System Is Now Available Locally

Hicks & White Radio Service, 157 W. Ave. A, has been named exclusive sales and service representative for "Radar Eye" in Glades County. "Radar Eye" is a burglar system using a type of radar field, is available for home and business installation. The device has proved its effectiveness in several northern areas and is now available in Florida.

A Reminder To Belle Glade Football Fans

GIVE YOUR SUPPORT TO THE BELLE GLADE HIGH SCHOOL GOLDEN RAMS BY ATTENDING THE TRADITIONAL BELLE GLADE-PAHOKEE GRIDIRON BATTLE.

Wednesday, Nov. 27th—Memorial Field 8:15

WELL-TRAINED and ready, the 1957 Golden Rams pose for their picture. Through the guiding hands of Head Coach Jim Maynor, the Rams have developed into a young, but eager group of gridiron gladiators. Front row: 1-r) Claude Robertson, Tommy Dunlap, Jimmy Webster, Jim Chambers, Ronald McBeth, Jeff Thomas. Second row: Billy Carlson, Petie Kitching, Gabe Clegg, Eddie Wallace, Ronald Kirchen, Phil Crand, Morgan Tyson, Mike Challancin, David Binkley, Mike Colpus, and Russell Burns. Third row: Floyd Collinsworth, Jerry McKee, Jim Challancin, Howard Roberts, Billy Abel, Jack Hamilton, Cecil Harrell, Eddie Lively, John Thomas and Larry Berryhill.

Pahokee - Clewiston - Postponed			

There is little else more vitally necessary than a sports contest between two well-trained, top-conditioned teams to help us forget our cares and troubles for the moment. After the game, regardless of which team is victorious, let us hope that the rivalry will be put away and that the two communities continue to strive toward objectives for the betterment of the Glades in which we live.

THESE FRIENDS AND MERCHANTS GIVE THEIR WHOLEHEARTED SUPPORT TO THE RAMS

Remember, the Glades classic takes place only once each year, but these merchants are here every day throughout the years with goods and services to bring you economical and modern living.

NEGRO NEWS

SPORTS BEAT

By George S. McKay

Class A school just had too much manpower for the Bobcats.

They were outweighed in every position. It was common for the team to turn the ball over on the eighth yard line. Repeated fumbles thereafter gave Mays an opportunity to really stomp the Bobcats.

Well, get your best packed for the next time you are drawing near. I speak of the Orange Blossom Classic to be played early in December. For those of you who have never attended, let this be your first year.

The curtain will soon fall on the 1957-58 football season which produced a surprisingly strong Bobcat team which is presently second among Class B schools with two remaining.

Old, new, prospective and hopeful graduates come together to relax, reform, games, meet and commune with former friends and schoolmates for the last days.

The Bobcats will probably wreak their vengeance on North Dade for that humiliating defeat that they received from May High of Gouds. This particular

will be a parade in which the majority of the Dade County School bands will take part. The DADU, the Dade Intercollegiate and fraternities will sponsor affairs and open house simultaneously throughout Miami.

It's truly a worthwhile experience. If FAMU is to lay claim to the mythical "National Championship" then Jake will have to really grab the ball by the tail. Court will be held, by yours truly, for all FAMU supporters. . . . Mack.

Negro Convict Found Working At Fort Pierce

Charlie Greenlee, 24-year-old Negro convict from the Glades Prison Farm, while on Oct. 21, 1957, was apprehended and placed in Palm Beach County jail to await trial for escape.

He was last heard from at Fort Pierce. He contacted his men who took Greenlee into custody, Lee then went to Fort Pierce Sunday and followed a hearing before Justice J. H. Cherry, Greenlee was sent to jail.

Greenlee, who was serving a life sentence for rape, was reported to have a job at a Fort Pierce precollege and had bought a car.

Probably the most peculiar thing about the classic is its appeal to young and old alike. Early Saturday morning there

Mays High Drops Bobcats 41-6 Here

After a good defensive game for three quarters, the roof fell in on the Bobcats. The High School Bobcats and they were defeated 41-6 by the Mays High Rams of Miami Nov. 15 at Memorial Field here.

The Cats received a punt on their 22 and 23 and the first turnover from where quarterback Jim Wilson flipped a pass to Free, which netted 65 yards. Two plays later Coleman went off tackle for the score. The extra point was good.

The only other serious threat by the Cats came in the third quarter when Mays High received a fumble on their own eight to 10 and recovered driving. The Bobcats were able to hold their opponents to a low score until the last quarter before enough football by the visitors pushed the score over the four score mark.

Two Ladies Complete Beauty Culture Course

Mrs. M. L. Teague, 49 SW 10th St., Belle Glade, and Mrs. Sarah Lowe, 552 SW 12th St., after having completed a seven-month course at the Glades, received their diplomas from Sunlight School of Beauty Culture during commencement exercises held at the Mount Zion Baptist Church at Miami Nov. 16.

Attending from Belle Glade were S. L. Teague, Jessie Lowe with William and S. L. Teague, David A. Julius, Sunlight owner and operator, presided at the exercises.

Mrs. Teague will be working at a beauty shop on 8th St., while Mrs. Lowe will be in operation in her home.

Pre-Harvest Carnival Will Be November 23

Saturday at 6:15 p. m. will mark the opening of the pre-harvest carnival to be held in the assembly building of the Everglades Labor Center, Pahokee. This promises to be a big evening for children and adults, too.

For the enjoyment of all there will be tractor rides, bingo, games, gondola rides and refreshments. Parents are invited to attend with their children for an enjoyable evening of fun.

Mary Armstrong Attends Davis Island Clinic

Mary Armstrong, who has remained after spending two weeks at the Davis Island Clinic in Tampa.

Mary, who is an energetic diabetic patient, in this city suffered the loss of her right hand following the accidental discharge of a shotgun some 30 years ago.

She obtained a hook sometime later which she was able to use it to great advantage. Through the efforts of the Palm Beach Vocational School, Mary was sent to the clinic at Tampa where she received instruction in the use of artificial hands.

By learning how to tie packages, use the telephone, cut meat and other normal activities, she has become more active in the use of artificial hands.

She stated that she's learned to live better with her right hand than she did with her left. She expressed her appreciation for the opportunity to attend the clinic and for the chance to obtain a better advantage over what could have been a serious handicap.

Negro Births

Funeral services will be held Sunday at 11 o'clock at Shiloh Baptist Church, 10th and 11th, with Reverend A. L. Jordan officiating for Larry Golden, 14-year-old Lake Shore High School student who died this week due to the complications of meningitis.

The parents, Mr. and Mrs. George Golden reside at Section Five, Pahokee.

Funeral services were to be announced later for Mrs. Rhodie Hall, 572 SW 6th St., Belle Glade, who died Tuesday night at Belle Glade Memorial Hospital.

A mother and her adopted son were drowned Tuesday afternoon on RR 80 after the car in which they were riding failed to negotiate a turn onto the water on the bridge, 7.5 miles east of Belle Glade and overturned in the canal.

Recovered Tuesday night from the water was Freddie Lee Taylor, 18, of Flamingo, a patrol report shows. The body of mother, Lucilla A. Wimberly, 108 SW 8th St., Belle Glade, was not recovered until early Wednesday morning. Taylor Funeral Home was in charge of arrangements.

St. Theresa Brother Combination Helps Drop Ramps 14-6 Last Saturday

After Pompano flattened the Belle Glade finally got rolling the last Saturday. The team only scored a 36 yards in ten plays to score. Phil Crant lugged the ball the final seven yards. The extra point failed.

Principal reason for the Ram's victory was the play of Jack and Jim Ellison. After Musketeer Pete Myles recovered a fumble on the Ram 34, the two brothers scored in six plays. Jim added the extra point.

The Rams drove deep into St. Theresa territory on several

occasions only to lose the ball. Belle Glade finally got rolling the last Saturday. The team only scored a 36 yards in ten plays to score. Phil Crant lugged the ball the final seven yards. The extra point failed.

After the Rams kicked field goals in their three, the team moved on the steam and moved 74 yards on 15 ground plays. Jack Ellison getting 32 of them. Jim added the extra point.

The Rams drove deep into St. Theresa territory on several

Stranger Makes Call At Glades Motel

Mrs. Albert Snyder, owners of the Glades Motel in South Bay was cleaning up the rooms out back when she heard behind there was an otter playing, jumping and flopping his tail. She reported she forgot to inquire his name and address, but he took his leave shortly and plunged in the canal ditch in front of the Motel.

District Ten Welfare Report Issued For Month Of October By Penick

Thomas E. Penick, chairman of district board ten of the state public welfare department, reported that in Palm Beach County 4,340 persons were assisted in the four categories of public assistance for the month of October in a report issued this week.

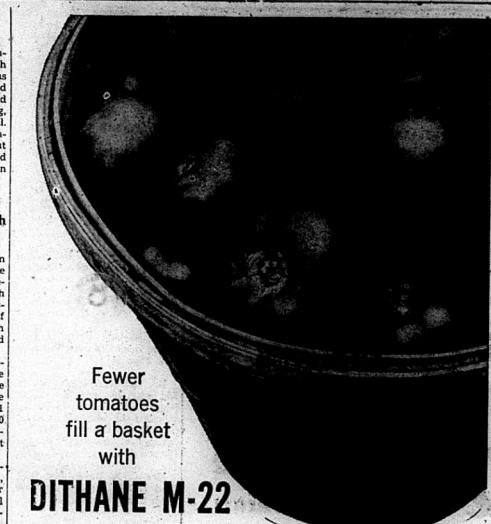

A total of 1,621 persons received old age assistance in the amount of \$3,080. Eighty-one persons received aid to the blind totaling \$4,661, while 641 families, representing 1,300 children, received aid to dependent children in the amount of \$5,557.50.

There were 138 children received service during the month, 68 of whom were in foster homes. The total state and local cost for these child welfare services was \$4,625.32.

There were 102 adoption petitions studied for the district. Court. These are children placed in homes independent of service through a licensed child placement agency, and the welfare board is responsible according to law to make these reports to the court.

Palm Beach County is also represented on the district ten board by Mrs. Doris Sasser, Palmer, the Rev. Paul M. Cassen, Mrs. Helen R. Tedder, and Mrs. Helen Woodward, West Palm Beach.

If you are a BUY-RIME fan Why not tell our BUY-RIME man?

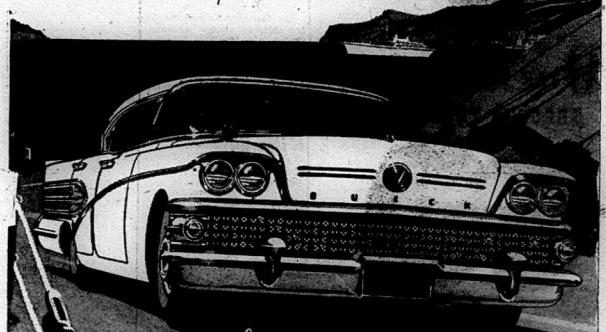

DITHANE M-22

Growers using DITHANE M-22 (maneb) find it takes fewer tomatoes to make a bushel. This follows from the way DITHANE M-22 controls diseases, helps the vine produce more big ones. DITHANE M-22 keeps down late blight, gray leaf spot, early blight and

Septoria leaf spot. DITHANE M-22 protects the stems, fruit and foliage from ALL important fungal diseases—helps keep the vine lush and green, the tomatoes free of disease injury. Apply DITHANE M-22 and see.

B-58 BUICK

Now you can Switch the Pitch a Million Ways

FLIGHT PITCH DYNAFLOW*—last word in travel with your wheels on the ground

MAYBE you've felt smooth transmissions before. Maybe you've had obedient response before.

But take it from us—you have never in all your born days known anything like this Buick's Flight Pitch Dynaflow!

This one switches the pitch a million ways—automatically, smoothly, thrillingly.

Thanks to a new infinite-pitch stator, you get the most efficient ratio of engine power to rear-wheel turning on the American scene today.

The result: an exuberant feeling of aliveness—a new sense of command unlike anything you've known before.

But there's far more than brilliant performance in this '58 Buick. It embodies more aircraft principles than any other car yet built. It carries a new excitement in styling—a joyous new comfort in travel—a new nimbleness to handling—and the solid satisfaction of a new standard of Buick quality.

Want to hear more? See more? Do more?

Drop in and guest-drive the glamorous B-58 Buick today.

*Flight Pitch Dynaflow standard on Limited and Roadmaster 75, optional at extra cost on other Series. Air-Flo Suspension optional at extra cost on all Series.

New Face of Fashion—From the new Dynaflo transmission to the exciting rear tail tower, this is the newest style fashion in years—the look of flight on wheels.

New Miracle Ride Plus Ride-Air Plus Suspension*—To the outstanding Buick ride—engineering comes the new marvel of a ride on 4 columns of air. Lowest, smoothest, most luxurious ride you've ever known.

New B-12000 Engine—As advanced as today's have, will let you angle steering go—with Buick's new Quadrijet carburation, up to 10 to 1 compression, new brilliantly responsive power.

New Air-Cooled Aluminum Front Brakes—"Air conditioned" by 45 radial fins, these extra-powerful aluminum brakes give smoother, more positive stopping and longer lining-life. (Standard on most models.)

See TALES OF WELLS FARO, Monday Nights, NBC-TV and THE PATRICIA MUNSTON SHOW, Friday Nights, ABC-TV.

When better automobiles are built Buick will build them
